BEST PRACTICE

Ivy Tech Kokomo offered a local Scholars Day for area Scholars to come in with their parents and complete and document ScholarTrack activities. The format of the day is such that everyone attends an opening session explaining Scholar program and ScholarTrack. However, after that parents and students are given a folder with the activities they need to or can optionally complete early. Once all activities are complete, Scholars and parents return to computer lab to make sure all activities have been logged. Families are given gift bags with Ivy Tech and 21st Century Scholars items.
